

Minutes

Kimball Parks and Recreation Board Meeting
April 13th, 2006
6:01 PM

Members Present: Chester Blevins
Butch Witcher
Teresa Smith
Mark O'Leary
Eric Turney

Members Absent: Terry Case
Levoy Gudger

Others present: David Jackson Rance Castle
Michael Price, MAP

Butch Witcher, Vice President called the meeting to order at 6:01. Motion made by Chester Blevins to accept meetings from the March 9th meeting, seconded by Eric Turney, all were in favor. Minutes approved.

Michael Price brought the initial drawing with a small 5/8 baseball field and two 11/12 year old baseball fields. He suggested parking to be on festival grounds. Witcher immediately objected stating that the board wants all fields to be 210 feet. He also insisted that board and aldermen did not want parking on festival grounds.

R. Castle suggested moving festival grounds, M. O'Leary questioned this remark. R. Castle stated, "We only use festival grounds once a year, would it not be more cost effective to move the fields on the grounds?" Jackson objected saying moving festival grounds would take away the center-piece of the festival grounds because the barn would be gone. We must begin in July/August/September to have fields ready for spring ball. M. Price suggested someone he generally worked with to draw the design of the concession stand and the cost would be near \$9000.

After much discussion it was decided to move the fields behind the festival grounds. C. Blevins made a motion to move the fields behind the festival ground with M. Price bringing another drawing to the next meeting. M. O'Leary seconded with no objections motion was approved.

By-Laws were to tabled until next month so members could have time review their samples. C. Blevins made a motion to move the meetings up one hour, Turney seconded, no objections. Next meeting to be held May 11 at 5pm

Meeting adjourned at 7:06 pm.

Christie E. Blevins
Park Board Member
