The Meeting was called to order by Chairman, Marc Lawrence

GENERAL BUSINESS

1. There was a Motion to approve the Minutes for the March 2007 Meeting.

OLD BUSINESS

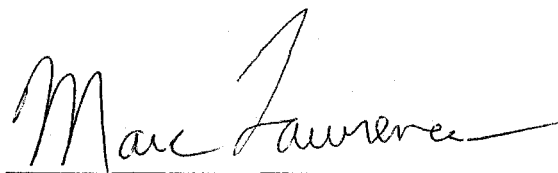

1. The By-Laws governing the Parks and Recreation Board were finalized.

NEW BUSINESS

1. The cost of fencing was discussed for the baseball/softball fields and we were given an estimate of \$98,000. The fields will need to be graded and we will need to look for someone to do the work. The proper mowing equipment will be needed to keep the fields mowed once they are completed.
2. Marc Lawrence presented some cost for the soccer goals. The board decided that for the short-term getting the soccer fields ready for play this fall and waiting on the softball/baseball complex would be the most attainable goal for the park. All we would need is for the grass to grow, soccer goals, concession wagon and port-o-toilets. Mark O'Leary is going to attempt to talk to someone from the soccer association to get ideas on Kimball starting a soccer league this fall.

ADJOURNMENT

With no other business at hand, there was a Motion to Adjourn.
