

Minutes

Kimball Parks and Recreation Board Meeting September 13, 2007

Members Present: Marc Lawrence
Jack Keef
Chester Blevins
Teresa Smith
Eric Turney

Members Absent: Terry Case
Mark O'Leary

Others Present: David Jackson

Marc Lawrence called the meeting to order at 5:01pm and called roll. He announced from last month's discussion, that South Pittsburg Parks and Recreation had advertised for a new park director. Jack Keef made motion to accept minutes from August meeting, Eric Turney seconded the motion and all were in favor.

Item #4 on the agenda was the status of the grant recently applied for, and Keef informed the board that the grant was received on August 17th, 2007. By October 5th, the board should receive the information regarding the status of the pre-grant application.

Keef raised the discussion of the lime on the ball fields. He stated that a discussion with Bob Lofty from Lofty Construction led him to believe it was time to lime both the soccer field and the baseball field in hopes to produce some growth of grass. Keef also suggested having the ground tested with Dewey Gilliam to run a PH level on the ground. Blevins made a motion to the board to have PH tested to determine amount of lime needed and to have it purchased. All board members agreed. Jack Keef agreed to meet with Dewey and to get the PO for the lime to be purchased.

Mayor Jackson discussed the railroad crossing issues again with the board. He explained that discussion of the Dobson property would be discussed at the next town board meeting. There was no other properly presented business. The actual meeting adjourned at 5:32 for the board members could go to look at the ball fields. October meeting would be cancelled. The board reserved the right to call a special meeting if needed before the next board meeting to be held on November 8th at 5:00.

Marc Lawrence, Chairman
